HERIT ADAPT highlights

HERIT ADAPT **citizen science** and **awareness campaigns** are activated in 9 regions, successfully engaging local communities, students and stakeholders at transnational level. Hands-on activities strengthen understanding of heritage and generated ideas for local development.

Co-creation and **capacity building** workshops equipped stakeholders with the necessary skills to use the project's tools and solutions. Dedicated events involving Territorial Working Groups, fostered dialogue and the collection of feedback on the developed sustainable tourism model.

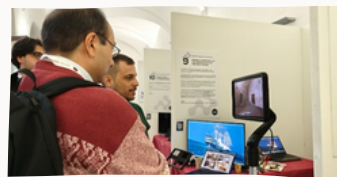

Explore all our NEWS and achievements

Exhibitions raised awareness on the pilot sites as focal points, showcasing the risks posed by climate change and mass tourism, along with potential mitigation strategies.

Broader **media outreach**, including TV and radio features, further showcased the project's innovative approaches, while research publications demonstrated its impact at both national and international levels.
